Prez Sez

Well we completed another Field Day last month and it was successful. We worked hard and had a lot of fun. A lot of people helped make Field Day go smoothly but I would like to especially thank Jaakko Hanson, WA7ZTC for his assistance in securing permission to use the MARS site in Santa Ana and the generator. Also, Fred Shader, AG6O, for making arrangements for the portable toilets at the last minute. I am sure everyone is anxious to hear how our score compared with other groups in Orange County.

Another item I would like to emphasize is a discussion we had at the last Board of Directors meeting. In order to help make the business sessions at club meetings more orderly and take up less time we will operate under Roberts Rules of Order as specified in the By-laws. If everyone will co-operate, we should be able to complete our business quickly which everyone should appreciate.

Finally, I would like to remind everyone that we will be starting a major fund raising effort which will require the participation of each club member. This was approved by the membership at the last meeting -- come to the meeting for more details.

Armed Forces Day Rebroadcast

Equipment problems at NAVCOMMSTA
Stockton, Ca caused the morse code
message from the Secretary of
Defense to be a failure. Many letters
have been received from amateurs
throughout the world. Those
individuals will be personally
informed of a special rebroadcast
of the cw message from NPG at
1800 UCT 28 July 79. The test
will be 25wpm on 4010, 7347.5
and 13922.5 KHZ. NAVMARCORMARS
members are encouraged to
disseminate this information
to local amateur clubs, etc.
An ARRL bulletin will also be
transmitted in the near future
announcing the special rebroadcast.
